This development is due, primarily, to the fact that Representative Hiram R. The dispute, which is the result of Utica's demand for a larger representation in county conventions, was thrushed out in Syracuse late yesterday afternoon before Justice Andrew, who heard arguments or the restraining orders which tied up the convention in Rome Septem

Justice Andrew decided that he was without jurisdiction in the premises, and that the proper place for the quarreling factions to settle their differences is at the adjustment convention scheduled for to-morrow. When the Republicans as-semble the sixty-six Utica delegates will be there demanding recognition, and the distanteful will be there to protest.
